

Сведения, характеризующие научную ценность научных трудов, выдвигаемых на соискание премии, присуждаемой Санкт-Петербургским государственным университетом за научные труды в 2020 году

Автор: Новиков Александр Сергеевич, кандидат химических наук, старший научный сотрудник Института химии СПбГУ (Scopus ID: 50262902200, Web of Science ResearcherID: L-5001-2015)

Название работы:

Компьютерное моделирование и теоретические исследования в органической, неорганической и металлоорганической химии: нековалентные взаимодействия, реакционная способность и катализ

Список опубликованных работ в 2015–2019 г. с указанием наукометрических показателей, актуальных на 2019/2020 г. (Impact Factor/квартиль журнала по данным JCR, Impact Factor/квартиль журнала по данным SJR, SNIP):
